

## SISVEL DVB-S2X PATENT LIST WITH STANDARD COVERAGE

The information below is provided for the convenience of the parties interested in a license under the Patents of Sisvel’s DVB-S2X Licensing Program, and it is not intended to be exhaustive or restrictive. The versions of the technical specifications indicated below are exemplary, and previous or subsequent versions of such specifications may also be relevant. Please note that the listed patent families may be essential to separate specifications and/or sections in addition to those disclosed below and claims other than those mentioned may be relevant as well.

Please also note that the license offered may include patent applications and/or patents that are not (yet) listed in this brochure, as they still may be in prosecution or under evaluation for essentiality. This brochure, may also include patents that may have lapsed/expired or may lapse/expire during the terms of any license offer, which only require royalties for past use during the corresponding terms of such patents. The existence of patent applications being granted and/or patents being lapsed/expired during the term of a license agreement has been accounted in the rates offered under any of the relevant license offers.
